Appendix 4: Forms

AP401: Rule Change Procedure

Statement of Purpose FOSH desires to avoid the excesses and extremes in both training and exhibition that have come to be associated with some gaited breeds. Regardless of the division in which the gaited horse is shown, the horse must retain the characteristics of a pleasure horse. Exaggeration and extremes in style and form are not to be rewarded, whether the extremes are manifested in excessive animation and speed, or in the direction of the least animation and speed. In every division the gaited horse must be correctly gaited, fluid, natural, smooth and appear to be a true pleasure to ride if it is to be rewarded with a horse show ribbon.

It is the right of every FOSH supporter to propose changes to the IJA Rules subject to the policies, procedures and schedules of the IJA Rule Book. In rare and unusual circumstances, a rule change may be effective immediately if it is deemed to be for the benefit of the horse or for the good of the organization.

Any submitted Proposed Rule Changes will be examined on the following basis: welfare of the horse; best interest of the organization; compatibility with Rules already in existence; necessity; tradition; appropriateness; timeliness; and guidelines of other rules organizations. In order to be considered and perhaps implemented for the upcoming show season, submissions must be received by November 1 of the current year.

As the responsible party applying for affiliation of this equine event with FOSH, I agree to abide by all the rules of the FOSH Inspection Program, and the federal law known as the Horse Protection Act insofar as they apply to record keeping, cooperation with officials and presentation of material and location for inspections. I understand that FOSH will NOT inspect horses wearing hoof bands and that the show bill must indicate that both hoof bands and 'stacks' are prohibited.

I agree that the event committee at the conclusion of the show will pay the expenses for each individual DQP(S), including the daily stipend (\$225), per diem (\$25), mileage (current rate allowed by IRS), actual tolls and parking fees, directly to the individual inspector(s). I understand that these are the standard and also the maximum fees that the inspector may charge.

I understand that the arrangements for hotel accommodations and air travel (if necessary) are the direct financial responsibility of the event committee and that these arrangements need to be made in advance with the individual DQP(s).

I acknowledge that the HPA requires that a second DQP be hired if it is anticipated that there will be more than 150 class entries at the event on any given day of the show. In the event that there are more than 150 class entries on a given day, and only one DQP has been hired, he/she will receive an additional \$5.00 per entry over 150.

I acknowledge receipt of the FOSH 'Responsibilities of Show Management', and further acknowledge that the show is required by the USDA to provide clerical support for the DQP(s) for the entire duration of the show.
